Abstract submission deadline: February 1, 2005
Submit abstract as email attachment (Microsoft Word Document) to meec2005@siu.edu
Abstract format: 350-word limit, Times New Roman 12 pts font.

TITLE (bold)

[for one author]

Author, T.M.

Department of Plant Biology, Southern Illinois University, Carbondale, IL 62901

[for two authors]

Author, T.M.\(^1\) and J.F. Author\(^2\)

\(^1\) Department of Plant Biology, Southern Illinois University, Carbondale, IL 62901
\(^2\) Department of Zoology, Southern Illinois University, Carbondale, IL 62901

[for multiple authors]

Author, T.M.\(^1\), J.F. Author\(^2\), and B.A. Author\(^3\)

\(^1\) Department of Plant Biology, Southern Illinois University, Carbondale, IL 62901
\(^2\) Department of Zoology, Southern Illinois University, Carbondale, IL 62901
\(^3\) Department of Biological Sciences, Southern Illinois University, Carbondale, IL 62901

MEEC is the Midwest Ecology and Evolution Conference. MEEC is an annual, migratory conference hosted by universities in the Midwest and organized by graduate students. The precursor of MEEC was a graduate symposium in ecology held by Miami University in 1979. Only three universities participated in the original forum: Miami University, The University of Kentucky, and the University of Cincinnati. The following year, 1980, was the first official symposium (hosted by the University of Cincinnati). In 1981, when it was expanded to include both ecology and evolution, the symposium became known as MEEC. In the past, professors have attended MEEC to support their graduate students, exchange ideas with colleagues, and to meet potential graduate or postdoctoral students with research interests similar to their own.

Keywords [up to four(4)]: MEEC, Ecology, Evolution, SIU.
